

SMART SOUND

CANTON

CLEVERLY CONNECTED FOR FIRST CLASS SOUND

Do you love music and want to enjoy your favorite tracks not only in one particular place, but quite **flexibly in every room in your home**? Canton's smart products, which can be combined and **centrally controlled** as desired, make exactly that possible. And you can easily integrate your existing **passive or active speakers** into your existing music system.

Amp & Connect

Get your living room ready for the age of streaming: the Smart Amp 5.1 serves as a multiroom AV amplifier and effortlessly combines your existing passive speakers with the wireless world of the Canton Smart series.

- Incorporate existing speakers into the Canton Smart world
- Control centre for all speakers and devices
- State-of-the-art technology for film and music experiences

The Smart Connect 5.1 multiroom AV preamplifier serves as a control centre for your Canton Smart speakers and introduces music streaming to your existing music system.

Singleroom

Experience music and films as an impressive sound experience: with Canton Smart speakers that you can mix and match wirelessly within a room as you wish. Create room-filling sound experiences, be it with Smart wireless floor-standing speakers run in stereo, Smart soundbars as an all-in-one solution or up to 14 speakers connected to create a home cinema system.

- Combine Smart speakers flexibly within a room
- High-resolution transmission between the speakers thanks to wireless technology
- Easy to operate via a smartphone or the Canton Smart remote

Multiroom

Enjoy your favourite music in top audio quality throughout your home. Whichever room they are in, the multiroom products in the Canton Smart series will take your listening experience to an entirely new level. You can stream your favourite playlist to the kitchen directly from your music apps, enjoy TV audio in a home cinema atmosphere or experience audiophile stereo sound via floor-standing speakers.

- Multiroom rendition with the focus on sound quality
- Simple operation of various speaker groups via Chromecast built-in™ or AirPlay 2 technology
- Infinite home music enjoyment

SMART PRODUCTS

Everyone listens to music differently and values their own, personal home environment. With the Canton Smart products, you can easily create just the right music system for you. Discover the ease of music streaming in your Smart home – with the sound experience and quality that set Canton apart.
